Education

Willamette University (Salem, OR)
B.S. in Computer Science and a Minor in Business (GPA 3.69)
Expected graduation: May 2024

Completed Courses

Introduction to Programming with Python, Data Structures, Topics: Cybersecurity, Foundations of Advanced Math, Introduction to Management, Networks and Systems, Software Development, Fundamentals of Data Science, Introduction to Data Engineering, Organizations, Marketing and Strategy, Analysis of Algorithms

Experience

InMoment (South Jordan, UT)   **May 2022 - August 2022**

Interned for the Customer Success team at InMoment, a customer experience organization that provides its clients with the ability to listen to the voice of the customer and improve business results. Tasks worked on including but not limited to:
- using Customer Success Directors/Manager interview data to learn what resources were needed to become more successful as an organization.
- daily inspection of client data to make sure the software was working properly and the data was being queried properly.
- observed BU Leadership meetings and learned how people effectively communicate at the top of an organization.

Summer Employment (Salt Lake City, UT)   **2021 and 2020**
- **AAU Basketball Team Hot Shotz (2021)**
- **Rowland Hall (2020)**
